

Growing Power is a national nonprofit organization and land trust supporting people from diverse backgrounds, and the environments in which they live, by helping to provide equal access to healthy, high-quality, safe and affordable food for people in all communities.

Growing Power is developing living systems that are economically feasible for all people to have sustainable protein and vegetables year round.

Spare change can make all of the difference -- it educates teens living in Chicago, it teaches new growers in Milwaukee, and it makes a world of difference for seniors living in a food desert.

We are encouraging you to give what you can. Small donations can make a huge difference in the lives of the folks we work with. Please consider giving \$5, \$10 or \$25 today, or better yet, setting up a recurring monthly donation.

We can't do this work alone. Let's scale up the Good Food Revolution!

Please Spread the Word and ask others to give. PLEASE share the hashtag **#GP100in100** with others. As we push to raise Growing Power \$100,000 in monthly donations in 100 days.

*Support our Work during our **#GP100in100** Campaign
Just \$5 a month makes a huge impact
